CHALK 2018

Newsletter No.8 – March 2018

Welcome to the eighth newsletter of the Engineering in Chalk 2018 Conference. In this issue, we are pleased to announce the Chalk 2018 Silver Sponsors, and to reveal the delegate registration rates.

The Chalk 2018 Conference Organising Committee

Chalk 2018 delegate rates revealed

The delegate fees for Chalk 2018 are below. Early bird registration will open in April 2018 via the Chalk 2018 website.

The delegate fees include for both days of the conference (Monday 17 and Tuesday 18 September 2018), and for the pre-conference drinks reception on the evening of Sunday 16 September 2018. Delegates will receive an electronic copy of the conference proceedings on a USB storage device.

Technical visits on Wednesday 19 September can be booked, for which an extra fee applies.

	Delegate fee (early bird rate)	Delegate fee (normal rate)
Delegate rate	£260	£300
Discounted delegate rate for BGA Member	£180	£220
Student/Retired (BGA Member & Non-Member)	£50	£50
Technical Visit (details TBC)	£75 in addition to delegate fee	£75 in addition to delegate fee

The early bird rate will be available up to July 2018, after which the normal rate will apply.

Chalk 2018 reveals BAM Ritchies and Peter Brett Associates as Silver Sponsors

The Engineering in Chalk conference is pleased to reveal BAM Ritchies and Peter Brett Associates as Silver Sponsors.

BAM Ritchies is a leading edge provider of ground engineering services with over 50 years' experience supporting civil engineering and infrastructure projects, including treatment of chalk mine workings. Partnering with our customers at the earliest stage of the project life cycle, BAM Ritchies use advanced techniques, equipment and digital technology to drive enhanced performance and deliver optimised solutions.

Peter Brett Associates LLP (PBA) is an independent practice of engineers, planners, scientists, and economists delivering major development and infrastructure projects, and provide trusted advice to create value from the land and buildings owned or operated by their clients. PBA have a regional spread of offices with a depth of technical skills throughout the UK, and an associated company in Prague that serves central European markets.

CHALK 2018

17 –18 September 2018, London

The Conference

The British Geotechnical Association (BGA) and the Engineering Group of the Geological Society (EGGS) are hosting a major international conference on Engineering in Chalk that will be held in at Imperial College, London on 17 and 18 September 2018.

Chalk underlies large parts of the UK and north-western Europe, and presents a diverse range of geotechnical challenges, that can affect building foundations, road and rail infrastructure, tunnels and other engineering projects. Over the past decades there has been considerable interest in characterising and understanding the engineering properties and behaviour of chalk. The last major conference on chalk was held almost 30 years ago in 1989 in Brighton. It is time to bring together the knowledge and experience gained in the last three decades, and this conference presents a great opportunity to bring together research and case histories and to provide an up to date perspective on engineering in chalk.

In addition to conference papers, there will be a series of authoritative keynote lectures on important aspects of engineering in chalk. There will also be a technical exhibition.

Conference Organising Committee:

Chairman:	Dr Martin Preene (Chairman of the BGA)
Organising Secretary:	Dr James Lawrence (Imperial College)
Assistant Organising Secretary:	Roisin Buckley (Imperial College)
Treasurer:	Alex Carbray (independent consultant)
Publicity Chair:	Patrick Cox (AECOM)
Programme Chair:	Dr Gareth Swift (University of Portsmouth)
EGGS Representative:	Dr Ursula Lawrence (Capita)

Conference Sponsors

Gold Sponsor

Tideway

Silver Sponsors

Bronze Sponsors: To be announced
